

THORP PRIMARY SCHOOL

Promoting British Values

Our Commitment

Thorp Primary School is committed to promoting the fundamental British values of democracy, rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.

Aims and strategy

The school through a wide range of activities and through the National Curriculum promotes and seeks to secure an understanding for our pupils of what constitutes fundamental British values. Through effective teaching and learning and through our spiritual, moral, social and cultural values we promote positive British values and seek to ensure that there is a common understanding and sense of belonging by all members of our school community. We promote and value the diversity of individual backgrounds and circumstances but also ensure our learners develop an understanding of the rights and responsibilities of being a responsible British citizen.

The Prevent Duty

As a school we are fully compliant with the safeguarding requirements of the Prevent Duty and work closely in partnership with all appropriate partner agencies. All staff and governors have received Prevent awareness training. All our school Information Technology and E-Safety policies have been updated to respond to the Prevent Duty requirements. Outcomes

Through our curriculum work, partnerships, SMSC values and compliance with the Equalities Act we actively seek to promote and embed the requirements of fundamental British values and where appropriate challenge pupils, staff and parents who express opinions contrary to the same. We aim to equip our pupils with the life skills and understanding necessary to contribute fully as an active member of our school community, local community and as fully participating and rights respecting British citizens.
