Germinate  
Growth

Walk Like an Egyptian

Year 3

Summer Term

### Key questions for this area of learning:

Where is Egypt located?  
What was it like to be an Ancient Egyptian?  
What did the Ancient Egyptians believe?  
What is a sculpture?  
What is a force?  
What is friction?  
What do plants need to grow well?

### Key people studied:

Howard Carter  
Sculptors  
Mary Agnes Chase

### Visits, visitors or key events

More Linking Schools' Project activities.  
Halle Come and Play event

### Home learning ideas/places to visit

Why not visit a museum to look at some Egyptian artefacts.  
Why not visit an Art gallery to look at some sculptures.  
Find out about some famous artists who create sculptures.  
Make a model of a pyramid.  
Find out about mummification.  
Try some Egyptian food.

### Science key area of learning:

Forces and Magnetism  
Plants

### Science working scientifically skill development:

We will carry out scientific investigations which will develop our skills of predicting, carrying out a fair test, recording results and drawing conclusions.

### Science knowledge and understanding:

We will learn what a force is and particularly focus on friction. We will also find out what materials are magnetic and which are not.

We will learn about the parts of a plant and what things a plant needs to grow well.

### Key areas of maths learning:

Fractions  
Time  
Shape  
Mass and Capacity

### Topic links to maths learning:

Investigations in Science using measurements of time and capacity.  
Working out time periods in History.

### Key areas of English learning:

Information texts  
Poetry  
Narratives  
Character descriptions

### Topic links to English Learning:

Leaflets about ancient Egypt.  
Writing diaries in History.

**Physical Education skills development and activity:**

This term we will be going swimming. We will learn how to enter the water safely and develop our skills in swimming different strokes.

**Computing skills and learning:**

We will develop our skills and knowledge by creating graphs and charts from data. We will also create some videos.

**Language Development (French):**

We will be learning the months of the year, parts of the body, clothes and numbers 21-31.

We will learn vocabulary related to school, lessons, travelling to school and time.

We will learn the vocabulary through games, songs, speaking activities and writing activities.

**Religious Education:**

In RE we will learn about the religion of Hinduism and the beliefs and practices they have.

**History Skills and learning:**

We will be studying the Ancient civilisation of Ancient Egypt. We will find out what it was like to live there, their beliefs and practices and the Pharaohs. We will find out about the past by using a variety of sources, such as artefacts, texts, archaeology, books and the internet.

**PSHE development:**

We will continue to think about our feelings and emotions and how to deal with them effectively. We will also think about how to keep our bodies healthy. We will be looking forward to the next academic year and thinking about our targets and achievements.

**Music skills and learning:**

We will continue to learn to play the violin. We will also learn some songs to sing for the Summer Show.

**Art skills and learning:**

In Year 3 we will be looking at sculpture and trying to create our own. We will look at different skills and techniques used in sculptures. We will also find out about some famous sculptors.
