

Sports Premium Funding at Thorp Primary School 2020-2021

Sports Premium funding is government funding to help support and improve the quality and range of physical education (PE), sport provision and pupil engagement in sport in school

Purpose of the funding

The purpose of the funding is to improve PE and sport provision in school so that all pupils develop healthy lifestyles. Schools have the freedom to choose how they spend the money. Possible uses of the funding might include:

- Hiring specialist PE teachers or qualified sports coaches to work with primary teachers/staff when teaching PE
- Paying for professional development opportunities for teachers in PE/sport
- Providing cover to release primary teachers for professional development in PE/sport
- Running sports competitions, or increasing participation in school games
- Buying quality assured professional development modules or materials for PE/sport
- Providing training and payment for staff to provide playground games and/or clubs at lunchtimes
- Supporting or engaging the least active children through new or additional Change4Life sports clubs
- Providing extra, additional activities such as outdoor and adventure activities

Thorp funding allocation

In 2017 the department for Education doubled the ‘Sports Premium’ funding that primary schools receive from £160 million to £320 million a year. The reasons for this were to improve the quality of the PE and sport provision pupils receive. Schools now have a wider remit in how they can spend their money but it must have an impact on all children’s PE and sports provision. Children should be given a wider variety of sports and activities to try out.

The government have also published [funding guidance](#) for this scheme alongside case studies showing how some schools have delivered a real impact for pupils through sports and physical activity.

The PE and Sport Premium is part of a series of programmes led by the department of Education to improve healthy lifestyles among pupils and tackle childhood obesity. As part of the [Childhood Obesity Plan](#), the government are working with other agencies to make sure children are healthy and active. At Thorp Primary we believe we have a duty to our children to encourage them to become healthy, have a chance to access a range of sporting activities and understand the importance of a healthy lifestyle.

YEAR	FUNDING
2015-2016	£8,900
2016-2017	£8,900
2017-2018	£17,820
2018-2019	£17,770
2019-2020	£17,780
2020-2021	£17,770

How will the sports premium be spent and who will benefit?

At Thorp Primary School we believe that the money should be used so that:

- All children benefit regardless of sporting ability
- That children (and parents) are encouraged to make informed and healthier lifestyle choices
- That all staff have access to training opportunities and continued professional development
- That children increase their participation in the frequency and range of sports covered
- That sport contributes to their overall achievement and their greater social, spiritual, moral and cultural skills

Thorp Primary School has a history of sporting success and has always been keen to emphasise the importance of physical exercise and healthy lifestyles. The funding provided via the Sports Premium grant does not cover all the PE and sporting aspects that we already deliver, but the additional funding has been used to increase provision, expertise and participation.

Covid-19

Due to the current pandemic, Thorp Primary School currently (September 2020) have a no visitors policy. The following expenditure list is guidance only and as rules relax and are lifted we can have more visitors in school. The funding will be spent to benefit the pupils of Thorp Primary School and support their physical development. Funding will also be used to support teaching and support staff CPD.

I will apply an addendum each term to this report to amend the spending.

[July 2021 Sports Premium Evaluation](#)

Primary Sports Expenditure

The Primary Sports premium for 2020-2021 is being used to support the following initiatives:

Oldham Sports Development Workers

In association with Oldham Sports Development Service we have bought in the services of one Sports Development Worker to work in school for one full day per week, split over two afternoon sessions. The Sports Development Worker delivers PE lessons alongside our staff thereby ensuring that not only will the children benefit from being taught by a specialist, but our own staff will be developed through sharing good practice and assisting in PE lessons. The Sports Development workers will also train our Year 6 Sports leaders each year. Sports leaders then encourage pupils throughout the school to participate in active games during lunch times.

- Monday
- Friday- Reception (October 2020)

In addition, the Sports Development Workers also deliver extracurricular sporting activities. The extracurricular clubs will be aimed at all year groups from Reception through to Year 6. We will look at the children's interests and tailor clubs to what the children would like to do.

No extracurricular clubs from September 2020. Will monitor and take government advice to run clubs from January 2020.

Due to lockdown in January 2021 Pete Jackson did not come into school. All children returned to school on 8th March and Pete Jackson has returned on a Monday and Friday to teach Year 5,6,3 and Reception classes. After school clubs have not yet started.

July 2021- Pete Jackson taught on a Monday and Friday and taught year groups 6,5,4,3,2 between March and July. He also carried out after school clubs with Year 2 and Year 3. One pupil showed an interest in hockey so Pete found details of a local club and shared this information with mum for the pupil to attend.

The Sports Development Worker also encourages links with existing local clubs and through Oldham Sports Development Service advises signposts and offers guidance to both school and pupils on possible routes for increased sporting provision and participation.

Cost £7005

Oldham Sports Development

Existing practice in school has seen teachers not having to teach their own PE lessons for the last few years. Due to new staff at school and teachers being deskilled I am commissioning some training to upskill staff and give them the confidence and skills to plan and teach their own PE sessions.

September 2020- No visitor policy in school so training not yet confirmed. Will look at Spring Term for training and use twilight hours for staff to attend.

Due to lockdown no training has yet been arranged.

July 2021- No training was organised due to covid restrictions. This money will be carried over (2021-2022) and put towards training for all staff.

Approximate Cost £500

Amelia Faye School of Dance

Millie Bogan is involved with Thorp and will come into school for a set number of days this academic year to work with KS1 and KS2 to teach their dance curriculum. She will also do additional sessions with the children in EYFS. Millie works towards set objectives and reports back to myself on how the children have got on. Millie changes her dance theme each time so the children have a varied dance curriculum. In addition to this, Millie also runs a 6 week morning dance club (KS2) and a 6 week after school dance club (KS1). During this club she teaches the children a dance routine and the children then perform it to the rest of the school and their parents. Millie has a discussion with the children about their interests and possible choices of routines and the children choose the routine they would like to do.

September 2020- No visitor policy in school and outdoor PE sessions only. Will review this in January for the spring and summer term.

March 2021- Due to lockdown Millie has been unable to attend school. The hall is also being used for staff lunches and PPA. After Easter I will see if we have the capacity to have Millie in school.

July 2021- Due to covid restrictions and the hall being used for staff lunches and PPA the hall has been out of use, meaning Millie has not been able to come into school. This money will be carried over and put into the Sports Premium Budget next year to support the dance curriculum.

Approximate Cost £2000

Royton and Shaw Primary School Sport Calendar of Events

This calendar of events and competitions sees a wide range of A+B team events for children from Y1 to Y6. Some of the events are held on all purpose outdoor pitches, some in a large sports hall or some

at other local primary schools. At the end of the summer term there will be a celebration event with awards for different children who have achieved their best in sports and competitions, children can be selected from all year groups.

September 2020- Pupils are unable to attend events. Possible in school events and virtual events.

March 2021- No virtual or in school events have been organised.

July 2021- No charge was made as only a few events could be organised. We attended a cross country event with 6 Year 6 pupils. We were also due to attend a tri-golf event but we cancelled due to the Year 6 bubble closing. This money will be carried over.

Approximate Cost £500

Purchase new equipment to support Physical Development and healthy lifestyles

In the Spring Term, an audit of PE resources will be completed. Using this audit and discussions with PE experts, new resources will be purchased and old resources will be replaced. Resources for the playgrounds will be purchased to support Sports Leaders and movement for pupils at break times.
Approximate Cost £2000

July 2021- No order has been placed due to the Sports Leader programme not happening. This money will be carried over and an order will be placed in the Autumn Term to support the PE curriculum Physical Activity at playtime and the Sports Leader programme.

Servicing of PE equipment

The school will also keep PE equipment up to date with new and replacement equipment. This will also keep us in line with health and safety regulations. We will also replace old and broken equipment and buy new equipment to support high quality teaching of PE.

Cost £500

July 2021- The cost of servicing the equipment was £105.12

Transport

In order for children to participate in sporting events during school hours, we will provide transport for children to and from events. This will happen when we do not have sufficient parental support.

Approximate Cost £400

July 2021- Due to the lack of competitions attended we only spent £45 on transport.

Oldham School Sport Partnership

We have joined this partnership so we can continue to participate in the school's cross country event on a Saturday morning. We also encourage training sessions for our pupils who compete in this event. Reception children take part in balance bike training. This partnership also hosts other A and B team events that the school can take part in.

September 2020- No competitions due to covid-19 restrictions and children not being allowed to mix. Balance bike training for reception children booked and full covid risk assessment received.

March 2021- Balance bike training has been organised for 29th- 31st March 2021. A full risk assessment has been sent to school. No other competitions or events have been arranged.

July 2021- In addition to the balance bikes, from April 2021 we attended the cross country events at Chadderton Park on a Saturday morning. Around 10-12 children took part in each race.

Approximate Cost £800

Actual Cost £500

Trim Trail Repairs

Currently the trim trail is out of use for pupils due to it being unsafe. The trim trail allows pupils to be active and promotes positive health and well being. We will fix the trim trail so the children can be active again.

September 2020- Quote for the trim trail received and work has been approved.

March 2021- Another quote has been raised and comparisons are being made. The quote is more than the planned cost so discussions with SLT will take place to decide what to do.

Repairs have been made and the trim trail is now fixed.

Approximate Cost £4000

Actual Cost £4140

Further Spending in Summer Term 2021-

OACT- We commissioned a 6 week PE curriculum program to be undertaken by OACT to work with Year 1 and Reception children.

Cost- £360

Staffing- Supply Staff were paid for to support the PE lead and give her leadership time to develop the PE curriculum and take children to a PE event. A supply TA was also paid to help support and run sports day due to the PE lead being unavailable.

Cost- £515

2020-2021 total Sports Premium Budget (including 19/20 carry over) £21,778.35

Actual Spend for 2020-2021- £ 12,670.12

Carry over for 2021-2022- £9108.23

At the end of the Spring Term as part of the monitoring cycle, the PE lead will evaluate where we are up to with spending. In the Summer Term, any Sports Premium Money that isn't accounted for will be used to try new activities, for example golf, yoga and mindfulness.

Accountability/Impact

Schools are held to account over how they spend the Primary Sports Premium and in doing so governors and school leadership will consider if the additional funding is having a positive impact on children's healthy lifestyles and/or improving PE and sport provision:

- Through improved teaching and learning of PE/sport through lesson observation and monitoring
- Through high quality inclusive PE curriculum provision
- Through increased uptake/provision in lunch and after school clubs
- Through school participation and partnership with other schools in inter school events and competitive sports
- Through greater pupil participation in PE and sport related activities (in and out of school)
- Through improved pupil recognition of healthier lifestyle choices - pupil voice activities
- Through wider pupil participation in alternative sporting activities

- Through increased pupil participation in active lifestyles (playground games/activities) at break and lunchtimes
- Through the celebration of sport and active and healthy lifestyles

Sport Provision Evaluation at Thorp Primary School 2019-2020 academic year

The following PE and/or sport provision was available at Thorp

- PE and sport curriculum lessons (all classes)
- Weekly swimming lessons (Y4 and Y5 one term each due to lockdown Y3 didn't go)
- Young KS2 Sports Leaders "lunchtime activities/club" for (KS1) children
- After school clubs for all year groups (Rec-Y6)
- After school netball club (Y4/5/6 girls)
- After school running club (Y3/4/5/6)
- Cross country training sessions
- Inter school competitions (football/athletics/netball/cricket/cross country)
- Oldham Schools cross country events (x 6 sessions) - Saturday mornings
- Royton and Shaw Primary School Sport competitions
- A and B team competitive events
- Balance bike sessions (Reception)

Sports Premium 2019-2020 Evaluation

Due to covid-19 not all the Sports Premium money was spent. I have provided where possible how much was spent and the impact of this spend. I have also included how the remaining money has been spent or will be spent. Money left over needs spending by March 2021.

Expenditure	Amount	Result
Oldham Sports Development	£6858	Two afternoons per week and two afterschool clubs per week teaching good quality PE sessions. Also support with the young leaders program and support with the healthy schools program. IMPACT- Teachers and teaching assistants are seeing good, quality lessons and can support and engage with children. They can see the progression of skills over the year and make sure assessments and data is accurate. Teachers use these sessions as a professional development tool for their own PE practise. Sports leaders are trained up and can engage younger children in more active play at lunchtimes. Stopped in March 2020 due to lockdown.
Health Champions	£50	The Health Champions have been involved with 3 workshops and a celebration event. They have delivered assemblies, organised competitions within school and interviewed for their replacements. IMPACT- The Health Champions get additional support from Pete Jackson (Oldham Sports Development) to plan activities, therefore their work becomes more effective throughout school. They have become more empowered by leading ideas and activities in school.

		Stopped in March 2020 due to lockdown.
Amelia Faye Dance	£270	Millie has led dance lessons in KS1 and 2 and evaluated the objectives in each year group. IMPACT- Children in KS1+2 are receiving dance lessons and staff are able to watch and develop their own teaching. Teachers can look at skills development and clearly where pupils are on target tracker. Due to covid-19 Millie was only able to teach for a few sessions.
Royton +Shaw Competitions	£500	This has given A and B teams the chance to compete in a range of sports and activities. IMPACT- Children who are not naturally sporty or competitive are given the chance to compete in events alongside children who are similar, resulting in confidence building and being able to try out new sports. It also gives A team children the chance to compete at a sport at a higher level. We have won a variety of A and B team events for both KS1 and KS2. Stopped in March 2020 due to lockdown.
OACT	£2130	OACT work with classes in KS 1+2 and complete gymnastic and games lessons. Teachers and teaching assistants also support these sessions. IMPACT- Pupils are receiving high quality PE lessons and staff can monitor progress and data will be accurate. Stopped in March 2020 due to lockdown.
Resources	£758.97	Resources to support the teaching of PE and replace old resources. IMPACT- Children will have better and newer resources to support PE lessons and after school clubs.
PE Equipment servicing	£345.30	Annual servicing to keep the PE equipment safe for children to use. IMPACT- When children are completing PE lessons, the equipment they are using is safe.
Transport	£272.40	Transport has been arranged to take children to and from different sporting events. Parents are used whenever possible. IMPACT- We have been able to attend extra events by paying to go on a minibus and children have been given the opportunities to take part in different sporting competitions. Some PPG/ vulnerable children attended an orienteering event and transport was provided enabling them to attend.
FOT playground enhancements	£4000	Money has been given from the sports premium to develop the playground and support children's physical play during playtimes and lunchtimes. IMPACT- Children will have the opportunity to be more physical at break times. There is also a chance for pupils to complete more mind challenging games at the games tables.

Oldham School Sport Partnership	£680	<p>This has enabled us to compete in the cross country races on a Saturday morning. Reception took part in the balance bike training. IMPACT- We have a strong cross country team and it is something that is built on in school through extra curricular training sessions. We came second in the league. Competing in this gives our runners a chance at winning. It gives children a chance to join in with running no matter what their ability is. Our reception children also had the chance to take part in balance bike activities and develop their gross motor skills.</p> <p>Stopped in March 2020 due to lockdown.</p>
---------------------------------	------	---

There was a carry over of £2915.33 from July 2020 on Sports Premium money that was not spent. As this is spent it will be updated on this report.

Swimming and water safety

The national curriculum states that:

All schools must provide swimming instruction either in key stage 1 or key stage 2. In particular, pupils should be taught to:

- *Swim competently, confidently and proficiently over a distance of at least 25 metres*
- *Use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]*
- *Perform safe self-rescue in different water-based situations.*

Y6 class-2020 cohort

Skill	Percentage of pupils considered achieving this by an Oldham registered Swimming Instructor
Swim 25m confidently	100%
Range of strokes	100%
Land based rescues	100%
Personal survival	75%
